MEDIA INVITATION

August 26, 2016

National Forum on the Future of Work in Trinidad and Tobago

The Ministry of Labour and Small Enterprise Development will host a National Forum on the Future of Work in Trinidad and Tobago to facilitate dialogue among key stakeholders on the major processes of change occurring in the world of work and to consider the future of work on **Monday August 29, 2016** at the **Teaching and Learning Complex, 27 Circular Road, University of the West Indies, St. Augustine** from **8.30 A.M. TO 4.30 P.M.**

The feature presentation at the Forum will be delivered by Dr. Camille Wardrop Alleyne, a national of Trinidad and Tobago and space scientist, rocket engineer and internationally acclaimed speaker, writer and educational leader.

This Future of Work Initiative is the centrepiece of activities of the International Labour Organisation (ILO), of which Trinidad and Tobago is a member, to mark its centenary in 2019.

As the Ministry continues to work to address current labour market issues and to build on stakeholder consultations held over the last few months, this National Forum provides a platform for key world of work stakeholders to exchange ideas on our collective future. It also allows for the exploration of challenges, opportunities and recommendations about the future of work in Trinidad and Tobago.

Media is invited to cover the opening on **Monday August 29 2016 at 9.00am** at the **Teaching and Learning Complex, 27 Circular Road, University of the West Indies, St. Augustine**
